I - CUT

The I-Cut Supreme Combination Blade guarantees to outperform any other blade for cutting Concrete, Asphalt or Ductile Pipe. This blade is the only blade you need on your truck, no matter what you are cutting.

FEATURES & BENEFITS

10mm Alternating Segments

Combination of segmented and segmented turbo delivers lightning fast cutting. Every other segment has a different bond to perform on any material.

Diamond Matrix

The highest concentration of all our blades delivers extremely fast cutting and long life on all materials.

Core & Blade Design

Unique core design with cooling holes near the segments. Strategically placed tungsten kickers prevent undercutting on Asphalt or Green Concrete.

Applications

Available in 14" for cutting multiple applications - Concrete, Asphalt, RCP, Ductile and Stone.
