

AVONA

Diamond Tools

AC / GC

The AC/GC is our signature Asphalt Blade designed to perform in the most demanding aggregates while delivering the fastest cut on all types of abrasive materials.

FEATURES & BENEFITS

10mm Segments

Manufactured under high heat and low pressure creating a high performing segment on abrasive materials.

Undercut Protection

Strategically placed wedge segments will protect the blade from undercutting on Asphalt and Green Concrete.

Diamond Matrix

High diamond concentration delivers lightning fast cutting that never sacrifices life on all types of abrasive material.

Applications

Available in 14" primarily used for Asphalt and Green Concrete. May be used on High Speed Hand Held or Walk Behind Saws up to 20HP.
